## MHS SPRING 2020 INFO

### **Senior Presentation Graduation Requirement is Waived**

Wednesday night the MSD School Board waived this graduation requirement for the Class of 2020. Board members appreciated the work that staff and students had done over the course of the year but followed the recommendation of the MHS staff to waive this graduation requirement given logistics involved and impact on staff and students with everything else taking place this spring

### **Seniors Need to Stay Engaged in Their Coursework**

Seniors still must meet the requirements for their education institutions to earn the credits needed to graduate high school.

- For MHS students that means they need to be engaged in their coursework. A more specific definition will be shared with all students soon. Just give your best effort to get your work done and you will be fine. If current situations are impacting your ability to complete the work, please contact both your teacher and counselor.
- For students participating at WCC, EvCC, BTC or taking online courses from other providers for credit (like BYU), be sure to consult with your education institution for their expectations.
- For students taking credit retrieval with Mr. Kurz and Mr. Hutchinson, you need to follow the expectations shared with your progress report that is emailed each Friday.
- For students taking AP classes or College in the HS courses, there may additional requirements for your courses. Please be sure to confirm those expectations with your teacher.

### **Other Graduation Requirements are Still in Place**

Seniors need to

- Complete their high school and beyond plan
- Have satisfied the Graduation Pathway requirement
- Meet their Washington State History requirement (for many this was done in 7th grade)

Your counselor has been working with you to document that these requirements have been met. If you are not sure, please contact your counselor.
