

MHS Supply Drive For Sumas Elementary

* MHS, along with the other high schools across the county, is collecting supplies for Sumas Elementary. If you are not aware, Sumas Elementary was destroyed in the recent flooding. The school lost most of its books and supplies. Teachers lost their classrooms, and now are working to start from scratch at surrogate schools.

MHS has adopted the kindergarten classrooms. We are collecting everything that a kindergarten classroom could need. Books, spiral notebooks, pencils, markers, crayons, gluesticks, paints. The kindergarten teachers have provided links to their Amazon Wishlists. The links are listed below:
